

The Water Cycle

This week we have been learning about the water cycle. Use the picture below (or make your own) to show the water cycle. Use the information on the following BBC webpage to help you:

<https://www.bbc.co.uk/bitesize/topics/zkgg87h/articles/z3wpp39>

1. Draw a river and streams, a sun and a rain cloud.
2. Label the following parts of the water cycle: EVAPORATION, CONDENSATION, PRECIPITATION, COLLECTION/RUN OFF. Use arrows to show the direction of the movement around the different stages.
3. Explain the meaning of the following words:

Evaporation: _____

Condensation: _____

Precipitation: _____
