**THE BLANDFORD
SCHOOL**

Dear Parents and Carers,

The Blandford School Science department will be running a series of science master classes for Year 6 pupils. These sessions aim to engage and enthuse students in science using a selection of demonstrations, explanations and hands-on student practical's. In addition, it gives students the chance to become familiar with the science department before starting at The Blandford School in September.

The dates are as follows:

Wednesday 11th December 2024

Wednesday 5th February 2025

Wednesday 26th March 2025

Wednesday 14th May 2025

The sessions will run from 3.40 pm to 4.40 pm. Students need to make their own way to and from The Blandford School, drop off and collection will be at the front reception. These sessions will run for 40 students and will be allocated on a first come first serve basis, with the first 40 students guaranteed a place at the first two sessions, 11th December and 5th February. After the two initial sessions, we will reopen the invites for the remaining two sessions, with priority given to those who expressed an interest but were unable to attend the initial two sessions.

To request a place at the masterclass please email G.Cornick@blandfordschool.org.uk, including your child's full name, primary school, any medical requirements and contact telephone number.

Regards,

Mr R. Wort
Deputy Head of Science
The Blandford School
